# Memo

TO: Lake County City Mayors and Township Trustees

From: Dan Lark, Environmental Health Director *DL*

Date: January 11, 2017

Re: Lake County Sewage Treatment System (STS) Operation and Maintenance program.

RECEIVED

JAN 13 2017

Lake County General Health District would like to invite you to attend an informational public meeting where the Health District will discuss the requirement of the state of Ohio, that all Boards of Health shall develop a program to ensure that all STS owners properly maintain and operate their septic systems, and that all homeowners with septic systems obtain an operational permit. This meeting will be open to all residents of Lake County that may be affected by the Operational & Maintenance program the Health District is administering.

*OAC 3701-29-19 "The board of health shall develop a program for the administration of operation & maintenance management for sewage treatment systems and gray water recycling systems."*

*OAC 3701-29-09(I) "No person shall operate a sewage treatment system or a gray water recycling system without an approved and valid operation permit from the board of health. The owner, and/or responsible management entity when applicable, shall comply with the terms and conditions of the permit."*
